—Our very efficient county collector, P. P. Welty, is now interviewing the manufacturers and merchants of our county. During his absence the office will be open and business will be attended to by W. H. Richards.
—The first snow of the season fell on the 24th ult. About one inch was the most that laid on the ground at any one time, although between three and four inches would nearest represent the actual all. From Captain Kaucher we learn that this was the eleventh time since 1855, when the first snow fell in October. In 1878, four inches fell.
—We had a very pleasant call last Thursday from James T. Howe, county clerk of Macon county, who was here accompanied by his wife, visiting Mrs. Howe's brother, Dr. T. J. Thatcher. Mr. Howe is now enjoying his second term as county clerk, and is one of the most popular men in Northeast Missouri. As long as Macon county is democratic, it will be difficult indeed to be at him. We were glad to meet him.
—John F. Seyfer, a prosperous farmer living south of town a few miles, has just returned from Nebraska, where he made a two weeks' visit looking after his interests, which consists of a half section of land. While on this trip he went on farther west—to Nance county, where he purchased another half section. He was surprised to find land commanding high prices—raw prairie being worth from seven to ten dollars per acre.
—Mr. and Mrs. A. W. King gave a very pleasant party last Thursday evening, to their daughter, Daisy, it being her ninth birth day. An elegant repast was spread at which about forty little misses were seated. Young butterflies could not have fluttered around more gaily than did these happy, light-hearted little ones. We believe in these young folks' gatherings, as they always remain a green spot in their memory and they help to make life brighter and affection more lasting.
—Our citizens are to be favored with a dramatic entertainment on this Friday evening, at the opera house, by the Oregon Dramatic Club. While it will be the first appearance of the parties as an organization, several of the members have appeared before an Oregon audience on other occasions, and have always been well received. There is much talent in the various members of the club, and as the play selected, "A Widow's Test," is one that will put them to the test, we trust our people will give them a crowded house. There is no good reason why Oregon should not support a "Home Troupe." With proper encouragement this club hopes to be able to give our people a play once or twice a month. Turn out everybody and fill the house.

—We are glad to learn from Chambers, Marney & Co., of St. Joseph, that their dry goods trade this fall is nearly 33-1/3 per cent. better than it has been before, in fact in their experience better than it has ever been.
—Our popular money lender, J. Foster Marshall, will hereafter make his headquarters at Mound City. He will be in Oregon Monday and Tuesday of each week, and parties desiring to borrow money can see him by calling at the Howell House.
—Messrs. W. F. and Link Howard have purchased John Inghram's outfit of carpenter's tools, including bracket saws, etc., and will open a shop in this place next week. We wish the boys success, as they are both industrious, hard working young men.
—Mr. John Gouldsberry, of Galena, Cherokee County, Kansas, is visiting relatives in Oregon. "Uncle John," as he is familiarly called, is now four score years old, and is as spry as young men that have only turned one score.
The Thimble Skins on the Orchard City wagon are of the finest quality of Lake Superior Iron, and are cast over our own pattern and fitted on the axle by the latest improved skin-fitting machine. Sold by H. C. Schmidt, Oregon, Mo.
—J. G. Achuff, of Highland, Kansas, was in Oregon, last week, and gave us a friendly call. He was over in the interest of the Highland Marble Yard. Those desiring any work in the marble or granite line, should see Mr. A. before buying.
—George Harmon returned from his trip to Southern Missouri, last Sunday, where he had been looking up the prospects for going into the stock business. George says he did not find anything to suit him, and that the country does not begin to compare with Holt county.
—Two pair of double rolls, shipped from Dayton, Ohio, for the junk mill, were so badly damaged by an accident on the C. B. & Q. railroad, that they are useless and have been refused by the mill company. The railroad company as usual are badly about making settlement—then they will complain of the prejudice the public entertain against them.
—The Kunkel Manufacturing Company are now offering rare bargains in woolen goods. They have 200 yards best cassimere which they will close out at 95 cts and \$1.00 per yard. Best Satinets, 70 cts. 80 cts. and 90 cts. per yard, and other goods in proportion. George W. Baldwin, Forest City, is also handling their goods, and selling at the same prices. Now is your chance to get all wool goods cheaper than ever before.

—Strap Sandals at Kreek & Watson's.
—Rev. George Miller, of St. Joseph, was in Oregon, this week.
—The Kunkel Manufacturing Company are offering woolen goods at wholesale prices.
—George Claiborn, of Craig, is visiting in our city, the guest of his cousin, Miss Anna Colver.
—Dr. Bullock purchased the Charley Willey property in Forest City last week. Consideration, \$750.00.
—Mrs. George H. High, of Hillsboro, Ohio, is visiting her mother, Mrs. W. D. Callaway, of this place.
—Ask Lewis Burgess, of Forest City, how he likes to sell silk handkerchiefs to men who wear broad-brimmed hats.
—We hope Oregon will greet the lecturer, Captain See, with a crowded house. M. E. Church, next Monday evening.
—Miss Maggie Howard returned to her home in this city last Friday from an extended visit with relatives in Ottawa, Kansas.
—Mr. J. H. Fickes, who has been very sick for several weeks, is now able to resume his duties as teacher of the Gordon school.
—Tom Holmes, of Blanchard, Iowa, is in the city. He is here training Mr. N. J. Kyger's horse, "Bronk," for the race at Mound City, next Thursday.
—Tickets for the Seeley lecture, can be procured at the postoffice for 25 cents. Be sure and get one in advance in order to avoid the rush at the door.
—There is no lighter running or more perfect wagon made than the Orchard City. It is fully warranted. For sale by H. C. Schmidt, Oregon, Missouri.
—Work has been suspended on the Kunkel mills for the winter, owing to the impossibility of getting the timber necessary for the work, out of the bottom being almost bottomed out now.
—Solomon Foster and Flora Trissel of Council Bluffs, Iowa, were united in the holy bands of matrimony in that city, last week. Both were former residents of this city, and the SENTINEL together with their many friends extended congratulations.
—One of the largest and best selected stocks of clothing that can be found in Holt County, is at the St. Joe. Co-Operative Store, Maitland, Missouri. Mr. Rapp, the manager, has fitted up one side of his mammoth establishment exclusively for clothing. He has suits for children, suits for boys, suits for men, and suits that will suit everybody, and don't forget the fact, that he will sell as cheap as any other man.

—Jersey Gloves at Kreek & Watson's.
—Go to Kreek & Watson for Suits or Overcoats.
—Dave Porter, of Mound City, was perambulating our streets, last week.
—T. C. Dungan has sold his farm three miles east of Oregon to Robert Hester for \$3,750.
—Rev. S. Carothers will preach at the Triumph school house next Sunday at 11 A.M. Children's service at the M. E. church, Oregon, at 7 P.M.
—M. C. Brumblough, one of Holt's very best teachers, was in our city last Saturday. Call again; it is a pleasure to meet such intelligent teachers.
—Isaac Chisholm is assisting John Inghram in his carpenter shop. Mr. Inghram is making a handsome banner case for Meyer Post G. A. R.
—Nothing like being a grand pa, and having your nose pulled, and sing "rocky-bye-baby, in a tree top," to a bouncing baby boy. Ask Vase Hovey.
—The Orchard City Wagon, or the Milburn Buggies have no superior in quality, material or workmanship. H. C. Schmidt, Oregon, Missouri, sells them.
—Do you want a strictly first-class Buggy or Wagon? Call at the Central, where you can get a bargain that you will never regret. H. C. SCHMIDT, Prop., Oregon, Mo.
—Mr. Stueker, our popular livery man has just erected over his large new stable, a very fine weather vane. It is a large horse in bronze, and below are the letters indicating the points of the compass. It is the finest vane in the county by big odds.
—John W. Davis of New Point, gave us a pleasant call last Wednesday. Mr. D. returned some two weeks ago from an extended visit with relatives in Indiana. He was accompanied on his return by Miss Ruth Deany, who will spend the winter with her cousin, Mrs. Davis.
—On the 24th and 26th ult. the Lecture Club met at Moore & Hoffman's office, and elected the following permanent officers: President, Sam. O'Fallon; secretary, W. R. Hoffmann; corresponding secretary, J. M. Hassness; treasurer, Robert Montgomery; Manager, T. S. Hinds. After a lengthy discussion, the constitution and by-laws were adopted, in which the following assessment plan was agreed upon: that an immediate assessment of one dollar per share be made, the same to remain in the treasury as a guarantee fund. Such assessment thereafter necessary to cover any deficit not to exceed one dollar at one assessment, nor to exceed three dollars per share in all. The first assessment is now due and is to be paid to the secretary.

—The "Japanese Tea," given by the ladies of the Christian church, of this city, on "All Hallows' Eve," was a very pleasant affair; well attended; financially successful; also a success financially.
—Prof. Morrison, a former resident of this place, was in Oregon this week. He came to pay a visit to his brother, S. W. Morrison, not knowing that he had moved away. The Prof. is now located in Page county, Iowa.
—Cards announcing the marriage of Miss Kittie Maupin have been received. The happy affair occurs at Craig next Tuesday evening. The happy man is Mr. Geo. Birkhalter, book-keeper for Allen, Frazer & Co., of Craig. We congratulate.

—A man that will leave the county without paying for his paper or making some arrangements towards its payment is not to be trusted in any of his business transactions. If a man has any feelings of honesty and manhood about him, he must feel mighty small over such an act any day.
—Quite a serious accident occurred to Mrs. James Brady near this city on last Sunday morning. She went to the gate to meet some visitors, and as it had been raining and the ground was muddy, she slipped and fell, dislocating her ankle and fracturing one of the bones of her leg. Dr. Smith was called and set the broken limb, since which time she is getting along very well.—Craig Meteor.
